SUMMARY

- A solid, aggressive batter — strong vs pace, tight technique.
- Plan for pace: bowl **good length outside off**, get it to **seams in**.
- They get out most to the **full outside off** (3.7 dismissals/100).
- Most often out **caught** (61% of dismissals); most often to right fast (41).

COMMON THEMES

- right-hand bat, averaging 30.6 at a strike rate of 64.8.
- Carries a big share of the batting — 14.7% of team runs.
- Scores mainly through the off side (43%).

STRENGTHS

- Main scoring shot is the work/nudge (35% of runs).
- The **pull/hook** brings them 25% of their runs vs pace — 1.7× the typical Test batter's share.
- Starts securely — their dismissal rate barely drops once set (1.9 early vs 2.3/100); early pressure alone won't buy their wicket. Early runs come mainly off the drive (42%).

WEAKNESSES / HOW TO GET HIM

- Most often out **caught** (61% of dismissals); most often to right fast (41).
- Struggles **outside off** (20 avg, 2.2 outs/100).
- The ball that seams in hurts them (avg 13 vs 45 when it holds its line).
- Most dangerous ball: **full outside off** (3.7 dismissals/100, avg 15).
- His **cut** is high-risk (false shot 26%, 4.4 outs/100).

Our Best Options (simulated matchups)

From the match simulation — a tool that plays each batter-v-bowler pairing out thousands of times from their full Test profiles. Low expected average = the bowler wins the matchup. "Cohort" confidence = they have not faced enough of that type for a personal read.

Suggested Fields (the stock field ± their evidenced deviations)

Each field starts from the **stock template** for that bowler type & phase (orthodox because it works), then makes at most **three** changes — each one earned by a trigger in **their** game clearing the cohort P75 bar (do they lap, cut, pull, score square, edge early?). **Change** rows are highlighted with their stat; **Stock** rows carry the orthodoxy line. The read line backtests the changes against the pure stock field. Early = first 30 balls; Set = once in. Drawn from behind the bowler (bowler bottom, striker top); off side is on the left.
